INTERFILIERE PARIS: VISIONARY AND AVANT-GARDE, FOR A TRULY MUST-SEE RANGE

With an excellent reputation on an international scale, **Interfilère** is the world's leading fabrics trade show for intimates, loungewear/homewear and beachwear.

A point of reference in France and abroad, the show features four different sessions:

- in **Paris on January 21st, 22nd & 23rd 2012 and July 7th, 8th & 9th 2012**
- in Asia with Hong Kong in March (Interfilère Hong Kong) and Shanghai in October (Interfilère Shanghai).

The programme kicks off in January when Interfilère Paris sets the pace for the year ahead. "Where it all begins", the show is the very origin of textile creation for intimates and beachwear, launching trends and showcasing an exhaustive, selective and upscale range of products.

With over 25 years' experience, **Interfilère Paris** offers unquestionable legitimacy and know-how. A savvy blend of modernity, innovation and time-honoured craftsmanship, the show brings together long-established firms with rich histories, such as Liebaert which is about to celebrate its 125th birthday, the Calais and Caudry lacemakers with their unique heritage and savoir-faire, as well as more recent companies whose history lies ahead of them.

Interfilère Paris is the ideal business platform for the most demanding professionals, whether manufacturers, designers, stylists or retailers, on the lookout for innovative fabrics, creativity, originality and, above all, quality...

Interfilère Paris enables buyers to gain an overview of the various markets, meet suppliers, develop new products and partnerships and find inspiration for future collections. It offers a fantastic opportunity to buy fabrics, lace and components in a single venue...

Returning to Hall 1 at Paris Expo, the January 2012 edition of **Interfilère Paris** fully intends to make the most of the positive indicators identified in 2011 for a truly dynamic session!

Visionary

Translating trends on an international scale, Interfilière Paris will be showcasing **Summer 2013** in a veritable celebration of **colour**.

Starting at the show entrance, the **“fashion way”** (indicated on the floor) guides visitors to the most cutting-edge and unmissable fashion events and information.

The **General Forum** by Concepts Paris **“Bursts of colour”** positively vibrates at the heart of the show with samples and partnerships between brands and fabric specialists for unique creations of the very highest quality, the Evolution trends book and conferences given by trend forecasting agencies all confirm the capacity of **Interfilière Paris** to **drive trends while offering genuine expertise**.

The forum finds its roots in the colour and the growing influence of Nature in all its forms. This theme is also the starting point for the decoration of the forum where fantastic trees echo the movement and lightness of fabrics and also answers the desire to be inspired by the salon.

Colour is a key element of the forum and we proud to have arranged a **partnership with Gerbe**, a French company which illustrates for us how colour can embellish the body from top to toe.

Highly sought-after, the private commentaries and presentations of the forum for VIP buyers and exhibitors offer a veritable networking opportunity.

Trends for Summer 2013: Bursts of colour

Colour is everywhere, from the catwalks to the street, as seen in fabrics, window displays and merchandising. It was therefore the natural choice to guide us through **Summer 2013**.

Three colour palettes have been taken out of their usual contexts and reworked as themes:

DELICIOUS

A fresh, summery colour range, full of energy for a romantic spirit, where refined candour combines with the simplicity of spring flowers, delicate fabric treatments lend finesse and nature in its simplest form, aquatic and organic, offers lightness and structure.

Look out for: Couture accents inspired by Madame Grès.

FADE IN TIME

A palette of natural tones aged over time, with casual accents for an authentic and nostalgic theme, combining a carefree, simple, country style with a modern take on traditional methods and “hand-made” effects.

Look out for: Cluny and Alençon lace, woven details and highly visual textures.

INTENSE

Bright shades with pops of invigorating colour for a leisure-time, weekend feel, ideal for intimates, loungewear and beachwear where civilized nature and culture take centre stage for a vibrant, graphic and energetic look.

Motifs feature plants in movement, birds of paradise and fiery shades.

Look out for: a 1920s and 30s influence with Sonia Delaunay, the Russian Ballets and Léon Bakst.

Exhibitors and the press will be offered a **world première of the trends for Autumn Winter 2013/2014** on Monday January 23rd at 8.30am.

New: “Creative Lab”

A laidback village-style space, which showcases trend forecasting agencies and designers in a whirlwind of colour and patterns. Freedom of expression for creativity and innovation: offering a host of new alternatives for buyers.

Reinventing the past: although fashion continues to be inspired by the present, it also looks to the past, to the fabulous creations which marked its history.

The textile archivist **André Heget** owns an extensive collection of antique and vintage fabrics which can be viewed free of charge at the show. A source of inspiration for designing fashion and upholstery collections.

Avant-garde

Interfilère Paris has always supported the industry’s development. Encouraging, inspiring and understanding the financial stakes of fabric research, development and innovation remain top priorities. Moreover, it was one of the first shows to highlight the shapewear trend by analysing the product range and exhibitor innovations.

Creation, innovation and know-how are therefore key strengths of the Interfilère Paris range which brings together **150 exhibitors**. Two thirds of them are international exhibitors, travelling in from some twenty different countries.

Range tailored to suit the markets

From fibres to accessories and components, the Interfilère Paris range is divided into 7 key sectors and offers a near exhaustive overview of the markets:

- **Lace it** / Lace: Chanty, Desseilles international, Iluna, Noyon dentelles, Pizval, Solstiss, Sakae Lace, Tianhai Lace...

Interfilière commitment to fighting breast cancer

After three years' commitment and collaboration, the Salon International de la Lingerie has renewed its support for the Pink Bra Bazaar charity. For the first time, Interfilière Paris joins and makes a commitment by his side.

Moved by this cause affecting one in eight women in France, the Salon International de la Lingerie and Interfilière had confirmed their solidarity once again. Within the framework of breast cancer prevention, **€1 from the purchase of every entry ticket to the 2012 edition of the Salon International de la Lingerie and Fashion Pass (allowing entry to the Paris fashion shows) will be donated to the Pink Bra Bazaar charity.**
